Budget heading 04.03.03.01 "Industrial Relations and Social Dialogue" Call for proposals 2007

The European Commission has launched a Call for proposals (on 12.1.2007) for implementing the budget heading 04.03.03.01 intended to cover grants for promoting social dialogue at cross-industry and sectoral levels in accordance with Articles 138 and 139 of the EC Treaty.

The appropriation will be used to finance consultations, meetings, negotiations and other operations designed to achieve these objectives and to promote actions outlined in the European Commission's Communication on "The European social dialogue, a force for innovation and change (COM(2002) 341 final)" and in the Communication on "Partnership for change in an enlarged Europe - Enhancing the contribution of European social dialogue (COM(2004)557final).

The measures should help social partner organisations contribute to the re-launching of the Lisbon Strategy and to the achievement of its objectives.

The activities should also involve social partner representatives in the candidate countries. Special attention will be paid to improving the level of female participation. These two components are of a horizontal nature, i.e. they apply to both sub-programmes.

In 2007, operations should pay a special attention on issues related to the **"European Year of Equal Opportunities for All"**.

2 Sub-programmes

The budget line is structured into 2 sub-programmes, within which different activities are supported:

1. **Support of the European social dialogue**, through:
 - measures to prepare European social dialogue, e.g. preparatory surveys, meetings and conferences;

- measures to strengthen social dialogue in the Member States and particularly in the New Member States and candidate countries (e.g. through capacity building, information and training seminars etc.);
